MY DECLARATION

I request that, in the event that I experience cardiac or respiratory arrest, cardiopulmonary resuscitation (CPR) not be attempted, subject to applicable law and the clinical judgement of the healthcare professionals responsible for my care.

I understand that a Do Not Resuscitate request relates specifically to attempts to restart my heart or breathing following cardiac or respiratory arrest. It does not, by itself, mean that other appropriate medical treatment, nursing care, pain relief, comfort care or symptom management should be withheld.

I confirm that I am making this request voluntarily and that the information provided on this document is accurate to the best of my knowledge.

I understand that I may discuss this decision with my healthcare practitioner and my family or loved ones, and that I may review or withdraw this request in accordance with applicable requirements.
